A.S.

Norma Anderson has been a professional writer for more than 25 years, with a reputation for delivering quality and reliable service to her clients. In a field where it can be difficult to find personal attention and knowledge honed by many years in business, Norma stands out for the depth of her experience and the care she provides each person she works with.

Norma writes resumes, cover letters, biographical profiles, thank you letters, brochures, flyers, press releases, and a multitude of other materials. She is also an accomplished editor. With a background in marketing, Norma never loses sight of the audience for which these documents are intended. Norma is certified by PARW, the Professional Association of Resume Writers, one of the most respected organizations in the field for more than 20 years. She also has a Masters Degree in Church Administration from Minnesota Graduate School of Theology.

Norma and Paula Asinof have worked together for several years. They strive to make sure clients are matched with the best approach to meet their needs.

Norma writes resumes according to the standards established by the Professional Association of Resume Writers, founded in 1990 and is an industry leader. A successful resume is dependent upon receiving complete and adequate information from clients.
